

APRIL 2013

Norco College - The First 25 Years

“Latino Youth Conference”

Norco IMC invites you to take a look back to April 19, 1997 to Norco College’s Latino Youth Conference “Breaking the Barriers.”

The MEChA club coordinated the conference at Norco College as part of a community outreach effort. The event was designed to meet some of the needs of high school students from the surrounding area.

There were free workshops on education, Chicano history, spiritualism, and “barrio” organization that were held throughout the day.

The students were treated to a taco lunch, music from a DJ, and an interactive performance by cultural dancers.

Linda Gonzalez, treasurer of Norco’s MEChA club, said, “My goals for the conference were to educate others and ourselves, also to learn more about our culture.”
