

At-A-Glance

2022

"Attending Norco College was the best pathway for me . . . it's another source for quality education. Norco College was a vital resource. It prepared me with an invaluable experience, genuine quality time with professors, and helped me with self-discovery."

- Jasmine Vasquez
Alumni and Future Psychologist

"Anything can be achieved. Norco College gave me real-world experience in community engagement. Such experience sparked my interest in politics and law, setting me on a trajectory toward a law career. Without their support, I would not be the person I am today. . . I am indebted to Norco College—it is a place where I grew not only as a student, but as a person."

-Anthony Lombardo
Alumni and Attorney
