

California Community Colleges are now offering Associate Degrees for Transfer (ADT's) to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses. Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units. To view the most current list of Norco College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to:

www.calstate.edu/transfer/adt-search/search.shtml

Students are encouraged to meet with a Norco College counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

2025-2026 ENVIRONMENTAL SCIENCE (Cal-GETC) NAS893

The Associate in Science in Environmental Science for Transfer Degree (AS-T in Environmental Science) introduces the concepts and principles upon which environmental knowledge is based including the biological, chemical, and physical concepts underlying scientific theory and application to environmental issues. Students will develop skills for critical/analytical thinking, perceptive reading/observation and interpretation to apply to environmental concerns affecting our everyday lives. The AS-T in Environmental Science provides students with a core curriculum to develop key skills for applying biological, physical, and chemical principles to the study of the environment and the developing solutions to environmental problems.

<u>Required Courses (41 units)</u>		<u>Units</u>
BIO-60*	Introduction to Molecular and Cellular Biology	5
CHE-1A*	General Chemistry I	5
BIO-61*	Introduction to Organismal and Population Biology	5
OR		
CHE-1B*	General Chemistry II	5
<u>List A (15 units)</u>		<u>Units</u>
BIO-19*	Environmental Science	3
GEG-1*/1H*	Physical Geography/Honors	3
AND		
GEG-1L*	Physical Geography Laboratory	1
STAT-C1000*/C1000H*	Introduction to Statistics/Honors	4
OR		
PSYC/SOC-48*	Statistics for the Behavioral Sciences	4
MAT-1A*/1AH*	Calculus I/Honors	4
<u>List B (11 units)</u>		<u>Units</u>
ECO-8*/8H*	Principles of Microeconomics/Honors	3
PHY-2A*+2B*	General Physics I and II	8
OR		
PHY-4A*+4B*	Mechanics and Electricity and Magnetism	8

*Courses may also be used to fulfill general education requirements for the Cal-GETC pattern, please confer with a counselor.

Associate in Science for Transfer Degree

The Associate in Science in Environmental Science for Transfer degree will be awarded upon completion of 60 CSU-transferable semester units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of "C" (or "P") or better.
