

California Community Colleges are now offering Associate Degrees for Transfer (ADT's) to the CSU. These may include Associate in Arts (AA-T) or Associate in Science (AS-T) degrees. These degrees are designed to provide a clear pathway to a CSU major and baccalaureate degree. California Community College students who are awarded an AA-T or AS-T degree are guaranteed admission with junior standing somewhere in the CSU system and given priority admission consideration to their local CSU campus or to a program that is deemed similar to their community college major. This priority does not guarantee admission to specific majors or campuses. Students who have been awarded an AA-T or AS-T are able to complete their remaining requirements for the 120-unit baccalaureate degree within 60 semester or 90 quarter units. To view the most current list of Norco College Associate Degrees for Transfer and to find out which CSU campuses accept each degree, please go to:

www.calstate.edu/transfer/adt-search/search.shtml

Students are encouraged to meet with a Norco College counselor to review their options for transfer and to develop an educational plan that best meets their goals and needs.

2026-2027
BIOLOGY 2.0
(Cal-GETC) NAS1124

The Associate in Science in Biology 2.0 for Transfer Degree introduces the concepts and principles upon which biologic knowledge is based including the biochemistry, structure and function, ecology and evolution of organisms, from the levels of cells through the biosphere. Students will develop skills for critical/analytical thinking, perceptive reading/observation and interpretation. The Associate in Science in Biology 2.0 for Transfer degree provides students with a core curriculum that will prepare them with the knowledge and skills required to earn a baccalaureate degree in biology. The intent of this degree is to assist students in seamlessly transferring to a California State University.

Required Courses (28-29 units)		Units
BIO-60*	Introduction to Molecular and Cellular Biology	5
BIO-61*	Introduction to Organismal and Population Biology	5
CHE-1A*	General Chemistry, I	5
CHE-1B*	General Chemistry, II	5
MATH-C2210*/C2210H*	Calculus I: Early Transcendentals/Honors	4
List A - Select one course from the following 4-5 units:		
CHE-12A*	Organic Chemistry, I	5
MATH-C2220*	Calculus II: Early Transcendentals	4
PHY-2A*	General Physics I	4
PHY-4A*	Mechanics	4

Certain CSU campuses may articulate Organic Chemistry or Physics as a multiple-course sequence rather than as individual courses. It is recommended that students meet with a counselor for any additional course planning within the 60 CSU units.

*Courses may also be used to fulfill general education requirements for the Cal-GETC pattern, please confer with a counselor.

Associate in Science for Transfer Degree

The Associate in Science in Biology 2.0 for Transfer degree will be awarded upon completion of 60 CSU-transferable semester units including the above major requirements and the California General Education Transfer Curriculum (Cal-GETC) requirements with a minimum grade point average of 2.0. All courses in the major must be completed with a grade of "C" (or "P") or better.
