

# What can I do with this major?

## Physics

### Occupational Outlook

The Bureau of Labor Statistics can help you find career information on duties, education and training, pay, and outlook.

[Physicists and Astronomers](#)

[Biochemists and Biophysicists](#)

[Teachers-Postsecondary](#)

### Professional Associations

These organizations are one of the best places you can go to build networks, set up informational interviews, connect with mentors, get internships, earn scholarships and find jobs in your career field.

[American Physical Society](#)

[American Institute of Physics](#)

[American Astronomical Society](#)

[American Vacuum Society \(AVS\)](#)

[American Association of Physicists in Medicine](#)

[American Nuclear Society](#)

[American Association of Physics Teachers](#)

[Acoustical Society of America](#)

[Biophysical Society](#)

[Materials Research Society](#)

[Optical Society of America](#)

[Society of Exploration Geophysicists](#)

[Society of Physics Students](#)

### Career Information

Websites to help you dig deeper into careers in Physics

[Sloan Foundation Careers in Science, Technology, Engineering and Mathematics](#): Explore over 185 degree fields and find out about education requirements, salaries, pre-college ideas, and career planning resources.

[Science Careers](#): offers recruiting and branding solutions for every budget.

[Professional Science Masters](#): Designed for students seeking a graduate degree in science or mathematics.

[FindAPhD](#): Profiles of over 4900 doctoral programs across 59 fields to help you evaluate and decide on a school to attend.

[Physics Central](#): Runs programs for all ages with the goal of making physics fun and interesting for everyone.

[physicsworld.com](#): News posts, blogs and more that go in depth with the world of physics.
