Hello Norco College students,

My name is Angelica Calderon, and I am running for President. I am currently a Senator for Campus Activities, previously a Senator for Campus Organizations. I am finishing up my second year at Norco College and majoring in Biology. Being a part of Associated Students has given me the opportunity to work with many organizations and clubs such as Umoja, Puente, Veterans, and more. I am also involved with EOPS, Active Minds, and have previously mentored for Summer Advantage. Working with a diverse group of students has encouraged me to represent and voice any concerns students have about our campus. My goal is to work with all students, to improve our campus, so they feel that they belong in our community. Due to Covid-19 and the circumstances students are facing, I know being in the position of president will make it challenging to find ways to help students when not on campus. I would love to give my time and effort to make a change, especially to those facing hardships due to Covid-19. I'm excited for this upcoming year, and hope you choose me to represent you all as your next Associated Student's President.
