What's up Mustangs! My name is Anisha Salhotra and I am running to be your Norco College Vice President of Administration. I have been a student at Norco Community College for two years and have been a part of the Corona-Norco School District for about 12 years. I understand the culture and academic atmosphere we all reside in. I have obtained my knowledge about our community through my numerous life experiences and collaborations with almost every program on our campus. Additionally, I have had the privilege of advocating for students from a college student's perspective, mentoring first year students, being on the RCCD newsletter for advocacy for tutoring and supplemental instruction, making the Dean's list, as well as leaving my positive imprint on everyone I come across. Despite many life challenges and adversities, I've had thrown at me, I have stood tall and continued to do everything to the best of my ability. True leaders lead their herd from behind, making sure no one is left behind. You can count on me to do the same. Believe in me so we can leave the best mark on our campus and take Norco Community College to greater heights.
