Hi fellow Norco College students,

My name is Isaac Nuñez and I am interested in running for the Associated Students of Norco College's (ASNC) Vice President of Organization. I am a first generation college student majoring in botany. I have served for ASNC in the Administration cabinet before and am familiar with how to run professional meetings. Being Vice President of Organization means that I would be the pipeline from all the clubs on campus to everything that is happening in the district. I plan to find a way to encourage students to be active with the district and the changes that are constantly happening. With everything being online I would like for the student population to be more unified and engaged. Being more involved we can all contribute towards a great change.
