Used to charge 10 cents per page before covid.

After COVID-19, people stopped printing as much due to online schooling. Now printing is more common.

Printing is monitored to limit the waste of paper.

Yusuf: is there a way to use some printing money for textbooks?

The school has a textbook loner program so students can have access to free textbooks.

Adel: Student Life offers free printing as well. Students do not ask for color printing.

Dilraj: color printing helps students to better see and understand assignments, especially assignments that are in color.

The printer is copying, color printing, and black and white printing

Students can print 20 pages per day.

Have not worked with other companies. This company has been the most cost effective and used for a long time.

The printer is covered except for paper. Paper is provided by a separate budget from the school.

Dilraj: Aiden is working on the Mustang app.

Finance: looking over the budget and editing the budget. Some clubs have not used any money, so they may have a new budget. Collaborations between clubs will split their budget between the clubs. Having treasurer of clubs is the only one to manage the budget when submitting club budgets. Should make a formal way to replace the treasurer if they are not doing their job properly.

Charters are due a week after club rush.

Umoja, MOC, Purnte, and TRIO are going over a calendar to make sure their events do not cross over.
