- A. Agenda October 25, 2022 Approval: MSC: M/J. Alpay, S/J. Mulari * 12-Yeas, 0-Nays.
- B. Minutes October 11, 2022 Approval: MSC: M/ J. Alpay, S/ J. Hill * 12-Yeas, 0 Nays.
- C. Discussion items:
 1. High School Articulated Courses – Nick Franco. Update related to High School Articulation (which is a separate department from the Articulation that Nick Franco oversees). Over the summer the UC sent out a memo on the Articulation Officer listserve that they will not accept HS articulated coursework. There is still ongoing discussion about this, and more information is expected from UCOP to clarify so he may have another update in the future.

In our district, High School articulated credit has traditionally been posted as Credit by Exam (CE) and there has been no way to distinguish a traditional credit by exam from a HS articulated course on the RCCD transcript. Scott Tracy and the IT department are working on creating a new transcript notation of CE-HS for HS articulated courses and it will be programmed as CSU transferable and Degree applicable units. The new notation will be effective for HS articulated credit being awarded starting in Fall 22.

The UC did state that if a high school course is articulated to a CCC course which is also UC transferable then it is possible/likely that the CCC course may lose its UC transferability. Nick Franco will be sending out an e-mail to discipline faculty whose disciplines may be affected but encouraged faculty representatives that they may want to share this update with their departments.

Articulation reduces the need for students to repeat coursework in college and facilitates a smooth transition from secondary to post-secondary education. It allows students to more efficiently reach their educational and career goals. The articulated credit is transcribed as a letter grade on a student's RCCD college transcript.

The minimum grade required for articulated credit is a "B." Not all courses are articulated. Students can find the most up-to-date listing of articulated courses, and instructions on how to apply for articulated credit, by visiting <https://www.norcocollege.edu/academicAffairs/cte>. For further information or assistance, please contact the high school articulation office, cte-info@rccd.edu.

Statement of Purpose

The curriculum committee, a sub-committee of the academic senate, has two primary purposes: to review and approve new curriculum including new courses, course modifications, new programs and program modifications, and to review and approve the curriculum approval process. The college curriculum committee is the sole approving body for Norco College only curriculum. For district shared curriculum it has one vote in the district curriculum committee. The curriculum committee is also responsible for keeping abreast with state mandated curriculum changes and reporting those changes to faculty. Committee members report on curriculum at their department meetings and solicit suggestions and recommendations when needed.
