Annual Instructional Program Review Update
Instructions

*Please retain this information for your discipline's/department's use (or forward to your chair).

The Annual Self-Study is conducted by each unit on each college and consists of an analysis of changes within the unit as well as significant new resource needs for staff, resources, facilities, and equipment. It should be **submitted *in draft* every year by March 15th** (or the first working day following the 15th), with final drafts due on **April 29th**, in anticipation of budget planning for the fiscal year, which begins July 1 of the *following* calendar year.

For Program Review data, please go to the following link:
 http://www.norcocollege.edu/about/president/strategic-planning/programreview/Pages/index.aspx

The questions on the subsequent pages are intended to assist you in planning for your unit.

The forms that follow are separated into pages for ease of distribution to relevant subcommittees. **Please keep the pages separated** if possible (though part of the same electronic file), **with the headers as they appear**, and be sure to include your unit, contact person (this may change from topic to topic) and date on each page submitted. Don't let formatting concerns slow you down. If you have difficulty with formatting, Nicole C. Ramirez can adjust the document for you. Simply add responses to those questions that apply and forward the document to nicole.ramirez@norcocollege.edu with a request to format it appropriately.

If you cannot identify in which category your requests belong or if you have complex-funding requests please schedule an appointment with your college's Vice President for Business Services right away. They will assist you with estimating the cost of your requests. For simple requests such as the cost of a staff member, please e-mail your Vice President. It is vital to include cost estimates in your request forms. Each college uses its own prioritization system. Inquiries regarding that process should be directed to your Vice President.

Mission

Norco College serves our students, our community, and its workforce by providing educational opportunities, celebrating diversity, and promoting collaboration. We encourage an inclusive, innovative approach to learning and the creative application of emerging technologies. We provide foundational skills and pathways to transfer, career and technical education, certificates and degrees.

Vision

Norco – creating opportunities to transform our students and community for the dynamic challenges of tomorrow.

Goals and Strategies 2013-2018

Goal 1: Increase Student Achievement and Success

Objectives:
1. Improve transfer preparedness (completes 60 transferable units with a 2.0 GPA or higher).
2. Improve transfer rate by 10% over 5 years.
3. Increase the percentage of basic skills students who complete the basic skills pipeline by supporting the development of alternatives to traditional basic skills curriculum.
4. Improve persistence rates by 5% over 5 years (fall-spring; fall-fall).
5. Increase completion rate of degrees and certificates over 6 years.
6. Increase success and retention rates.
7. Increase percentage of students who complete 15 units, 30 units, 60 units.
8. Increase the percentage of students who begin addressing basic skills needs in their first year.
9. Decrease the success gap of students in online courses as compared to face-to-face instruction.
10. Increase course completion, certificate and degree completion, and transfer rates of underrepresented students.

Goal 2: Improve the Quality of Student Life

Objectives:
1. Increase student engagement (faculty and student interaction, active learning, student effort, support for learners).
2. Increase frequency of student participation in co-curricular activities.
3. Increase student satisfaction and importance ratings for student support services.
4. Increase the percentage of students who consider the college environment to be inclusive.
5. Decrease the percentage of students who experience unfair treatment based on diversity-related characteristics.
6. Increase current students' awareness about college resources dedicated to student success.

Goal 3: Increase Student Access

Objectives:
1. Increase percentage of students who declare an educational goal.
2. Increase percentage of new students who develop an educational plan.
3. Increase percentage of continuing students who develop an educational plan.
4. Ensure the distribution of our student population is reflective of the communities we serve.
5. Reduce scheduling conflicts that negatively impact student completion of degrees and programs.

Goal 4: Create Effective Community Partnerships

Objectives:
1. Increase the number of students who participate in summer bridge programs or boot camps.
2. Increase the number of industry partners who participate in industry advisory council activities.
3. Increase the number of dollars available through scholarships for Norco College students.
4. Increase institutional awareness of partnerships, internships, and job opportunities established with business and industry.
5. Continue the success of Kennedy Partnership (percent of students 2.5 GPA+, number of students in co-curricular activities, number of students who are able to access courses; number of college units taken).
6. Increase community partnerships.
7. Increase institutional awareness of community partnerships.
8. Increase external funding sources which support college programs and initiatives.

Goal 5: Strengthen Student Learning

Objectives:
1. 100% of units (disciplines, Student Support Service areas, administrative units) will conduct systematic program reviews.
2. Increase the percentage of student learning and service area outcomes assessments that utilize authentic methods.
3. Increase the percentage of programs that conduct program level outcomes assessment that closes the loop.
4. Increase assessment of student learning in online courses to ensure that it is consistent with student learning in face-to-face courses.
5. Increase the number of faculty development workshops focusing on pedagogy each academic year.

Goal 6: Demonstrate Effective Planning Processes

Objectives:
1. Increase the use of data to enhance effective enrollment management strategies.
2. Systematically assess the effectiveness of strategic planning committees and councils.
3. Ensure that resource allocation is tied to planning.
4. Institutionalize the current Technology Plan.
5. Revise the Facilities Master Plan.

Goal 7: Strengthen Our Commitment To Our Employees

Objectives:
1. Provide professional development activities for all employees.
2. Increase the percentage of employees who consider the college environment to be inclusive.
3. Decrease the percentage of employees who experience unfair treatment based on diversity-related characteristics.
4. Increase participation in events and celebrations related to inclusiveness.
5. Implement programs that support the safety, health, and wellness of our college community.

Trends and Relevant Data

1. Have there been any changes in the status of your unit? (if not, please indicate with an "N/A")

    a. Has your unit shifted departments? **N/A**

    b. Have any new certificates or complete programs been created by your unit? **N/A**

    c. Have activities in other units impacted your unit? **N/A**

2. List your retention and success rates as well as your efficiency. Have there been any changes or significant trends in the data? If so, to what do you attribute these changes? Please list Distance Education, retention, success and efficiency separately.

The Kinesiology Program has not experienced any significant changes during the 2014-15 Academic Year. The Program's numbers are consistent with previous years and are presented below.

Face-to-Face Retention: Kinesiology continues to enjoy some of the highest Retention Rates as displayed in the box below.

Retention Rate NORCO	2011-12	2012-13	2013-14
KIN Face-to-Face Lecture	91.25%	92.59%	91.74%

Face-to-Face Success: Similar to the statistics representing Retention, Success rates are some of the highest in the college as well. They are displayed here.

Success Rate NORCO	2011-12	2012-13	2013-14
KIN Face-to-Face Lecture	84.92%	83.10%	81.09%

In 2013-14 there was only a single online KIN course offered. It was KIN 4 Nutrition and the numbers for this course are displayed here.

Retention Rate NORCO	2011-12	2012-13	2013-14
KIN Online/Distance Education	80.23%	79.79%	85.87%

.

Success Rate NORCO	2011-12	2012-13	2013-14
KIN Online/Distance Education	72.09%	73.40%	76.09%

Taking the Efficiency numbers for the semesters in the 13-14AY, the average Efficiency Rate for the entire college was <u>589.75</u>. Efficiency Rates for Kinesiology over the same time period were **<u>711.15</u>**. These numbers suggest that the Kinesiology Program is significantly more efficient than most disciplines at the college. However, these numbers are consistent with previous academic years and are no surprise.

3. **What annual goals does your unit have for 2014-2015 (please list the most important first)? Please indicate if a goal is directly linked to goals in your comprehensive. How do your goals support the college mission and the goals of the [Educational Master Plan](#)?**

List the goals of your unit for 2014-2015	List activity(s) linked to the goal	Relationship of goal to mission and master plan	Limited to Distance Education?
Increase in number of Kinesiology sections offered to meet student demand.	The faculty of the Kinesiology discipline are advocating for additional academic and lab/activity sections to be offered in all terms of instruction.	This goal directly reflects the College's Mission, Master Plan, and Catalog Requirements. The Kinesiology courses are included in the category of Self Development in the College Catalog. We are currently prohibiting our students from obtaining their degrees by constraining access to KIN courses. By increasing the capacity of Kinesiology to offer courses to students, we will ensure that students achieve their desired degrees and that the aspect of Self Enrichment in the College Mission is attained. 1. FT Kinesiology Instructor <u>Reason:</u> The new instructor is needed to teach the additional Kinesiology courses added to meeting the goals of the Education Master Plan and the Norco College Mission Statement. Once this position is filled, it will also ensure that our students receive anecdotal academic advisement which is timely and accurate, thus improving their academic life.	**N**	**$90,000**	**0**

---

[1] If your SLO assessment results make clear that particular resources are needed to more effectively serve students please be sure to note that in the "reason" section of this form.

6. Equipment (including technology) Not Covered by Current Budget[2]

List Equipment or Equipment Repair Needed for Academic Year_____ Please list/summarize the needs of your unit on your college below. Please be as specific and as brief as possible. Place items on list in order (rank) or importance.	*Indicate whether Equipment is for (I) = Instructional or (N) = Non-Instructional purposes	Annual TCO*

2.Storage Shelves Reason: Due to a lack of organized storage options, existing equipment for such classes as yoga and first aid, is simply stacked on the floor. This increases the likelihood of damage and theft.	**N**	**$450.00**	**5**	**$2,250**	**#5**	**NO**
3. Wall-Mounted fans for Fitness Center Reason: Air circulation is needed, especially on hot days when opening the doors and windows is ill-advised.	**N**	**$110.00**	**4**	**$440**	**#5**	**NO**
4. Bod Pod Reason: The importance of measuring body composition reaches across the Kinesiology curriculum with applications in multiple labs and assessments.	**I**	**$20,000**	**1**	**$20,000**	**#4 & #5**	**NO**

* Instructional Equipment is defined as equipment purchased for instructional activities involving presentation and/or hands-on experience to enhance student learning and skills development (i.e. desk for student or faculty use).
Non-Instructional Equipment is defined as tangible district property of a more or less permanent nature that cannot be easily lost, stolen or destroyed; but which replaces, modernizes, or expands an existing instructional program. Furniture and computer software, which is an integral and necessary component for the use of other specific instructional equipment, may be included (i.e. desk for office staff).
** These requests are sent to the Business and Facilities Planning Council.

II. Norco College - Annual Assessment Update

Purpose – The purpose for completing an annual review is to provide an opportunity for reflection on all that has been accomplished and learned from your efforts in assessment. Assessments conducted in isolation from each other will yield interesting, important, or neutral information in and of themselves, but taking a holistic look back on the unit's accomplishment over the past year might also yield some insight. The annual review is a time to take stock of which courses and programs have undergone some scrutiny, and subsequently should help with planning for the upcoming year. This planning might include considering which other courses are ready for an initial assessment, or which might need a loop-closing assessment. Things we might learn in one cycle of assessment might actually help us to plan assessments in the next cycle, or might facilitate changes in other courses that weren't even included in the initial assessment. To this end, please complete the following with as much detail as possible. If you have any questions, please contact either Sarah Burnett at sarah.burnett@norcocollege.edu, or Greg Aycock at greg.aycock@norcocollege.edu.

1. Identify where you are in the cycle of SLO assessment for each course you assessed over the past year (*fall 2013 - spring 2014*). Each response will be individualized; this means each completed column might look a little different due to the nature of the cycle of assessment in which we engage. For example, you may have a course in which you are implementing improvements to close the loop on an initial assessment that was completed in a different year. You might also have a course that only has an initial assessment with report and you haven't yet completed any follow-up or improvement activities. Below you will see an example of how to fill in this section, and then a blank chart for your own responses.

Course number and name	SLO *Initial Assessments* and completed **Reports** (State each SLO e.g., SLO 1)	SLOs with *Improvements identified* (Identify the SLO with # of improvements e.g., SLO 1(1), or SLO 3(0))	SLOs not needing improvement (assumed loop-closed), with clear reasoning as to why	SLOs involved in *Loop-Closing* assessment (state SLO and effect)
KIN 4 Nutrition	SLO 5. Analyze your diet and create and design a plan of action for improving your diet and eating habits.			
KIN 30 First Aid and CPR	SLO 1:. Assess victims of injury and medical emergencies, and apply the emergency action plan for citizen responders: check the scene and victim, call 911, and initiate proper care for the victim.			

KIN 36 Wellness Choices				SLO "Compare the connection between food choices and the opportunity for optimal health and wellness."
KIN A75 Walking for Fitness	"Set personal fitness goals to improve levels of cardiorespiratory endurance through walking".			
KIN A 81 Physical Fitness	"Identify and measure how the performance of various exercises will result in physiological changes".			

2. a) How many Program Level Outcome *initial* assessments were you involved in fall 2013 - spring 2014? Indicate a total number per column. Please provide copies of any reports or documents related to these assessments as attachments to this Annual Review, or embed at the end of the document as an Appendix.

b) How many Program Level Outcome *loop-closing* assessments were you involved in fall 2013 - spring 2014? Indicate a total number per column. Please provide copies of any reports or documents related to these assessments as attachments to this Annual Review, or embed at the end of the document as an Appendix.

AOE (Area of Emphasis)	ADT (Associate for Transfer)	GE (General Education)	Certificate

3. Please describe any changes you made in a course or a program as a response to an assessment. Please indicate the impact the changes had on student learning, student engagement, and/or your teaching. NONE

4. Can you identify any assessments that have prompted a change in perspective in the manner in which your discipline should modify the Course Outlines of Record (COR) or the Student Learning Outcomes (SLO)? Please expand on what you think should be modified. NONE

5. Have you shared your assessments, outcomes, improvements etc. with your discipline? How? If not, how do you plan to do so in the future? Yes, at the Fall discipline meeting held in September and conducted by Bev Wimer with Associate Faculty.

6. Did any of your assessments indicate that your discipline or program needs additional resources to support student learning? If so, please explain.

    NONE

7. What additional support, training, etc. do you need in the coming year regarding assessment? NONE

Norco College Course Assessment Report

Course: _____

Instructor:_____

Semester:_____

Is this the initial assessment or follow-up (closing the loop)?   ☐Initial   ☐Follow-up

1. Please write a short narrative summary of the data collected for the course SLO(s). Were you generally satisfied with the results? In which areas or SLOs (if you assessed more than one) did the data indicate students had the most difficulty? To what do you attribute that difficulty? Which areas or SLOs did they find themselves achieving with greatest success? **Please attach assessment instrument (and/or rubric) and data summary files (spreadsheets, tally sheets, etc) to this report.**

2. **If this is an initial assessment**, what are some suggestions for improving learning in the course the next time it's taught? What advice would you offer to the next faculty member(s) who teaches the course, based on data and experience teaching the course?

3. **If this is a follow-up (closing the loop)**, did the changes that were made to the course result in improvement of student learning from the first assessment? If so, how? If not, why did improvement not occur? What advice would you offer to the next faculty member(s) who teaches the course, based on data and experience teaching the course?

4. What suggestions, if any, do you have for modifying the course outline of record and/or the SLOs for the course?
