

Program Review Comprehensive Report

Program Review - Student Services: Upward Bound Norte Vista

Area Overview

2017 - 2018

Mission: Norco College Upward Bound provides students with academic guidance, personal development and fundamental support to participants in their preparation for college entrance. The program provides opportunities for participants to succeed in their precollege performance and ultimately in their higher education pursuits.

Philosophy Statement: Upward Bound provides services designed to increase students' knowledge and academic performance in order to meet post secondary eligibility. The goal of Upward Bound is to increase the rate at which participants enroll in and graduate from post secondary institutions.

Summary:

- Guide students with the college application process, financial aid, and enrollment into a post secondary institution.
- Provide opportunities for participants to visit four-year universities, cultural, and career related field trips.
- Provide opportunities for participants to do career exploration and life planning.
- Offer activities to prepare students with the transition from high school into post secondary institutions. Including a 2 year and 4 year UB Bridge track.

Strengths:

1. 77 percent of participants served during the academic year 2016-2017 had a cumulative GPA of 2.5 or better at the end of the school year.
2. 100 percent of UB seniors served during the project year, achieved at the proficient level on state assessments in reading/language arts and math.
3. 100 percent of project participants served during the academic year 2016-2017 continue in school for the next academic year 2017-2018, at the next grade level, or graduated from secondary school with a regular secondary school diploma.
4. 83 percent of seniors that graduated in spring 2017 enrolled into an institution of post secondary education by fall 2017.

Students Served: The Upward Bound Program-Norte Vista High School served 73 students during the year 2017-2018. Our students met at least one of the three criteria:

1. Low-Income (per established federal guidelines)
2. First Generation, potential college students (self-reported)
3. Demonstrated Academic Need (per their school transcript grades)
4. 2/3 of participants are both low-income and first generation potential college students.

Direct - Results from the UB College Knowledge Pre and Post-Test will be gathered and evaluated. (Active)

Criteria: 70% of all UB participants will demonstrate a thorough understanding of post-secondary requirements by passing the post-test with 70% or more and/or improving their score from the pre and posttest by 20% or higher on the UB College Knowledge Test.

Findings/Analysis

Reporting Period: 2017 - 2018

04/28/2018

Conclusion: Criteria Met

96% (29/30) of UB participants demonstrated knowledge in the UB College knowledge posttest by improving their score from the pre and posttest by 20% or higher and 3% (1/30) passed the post-test by scoring 70% or more.

Data reported is from : Fall

Improvement Recommendations

Improvement Recommendation: I am recommending that we change the format of the test and make it into a "game," such as college knowledge jeopardy. Even though the SLO was met, I feel like some students do not quite pay attention. For example there was a student that did worst in the post-test than they did in the pre-test. (04/30/2018)

Data reported is from : Fall

Improvement Recommendations

Improvement Recommendation: This year I noticed that many seniors enrolled into an institution of post-secondary education, but around October they dropped out. I would like to conduct more following during the summer to ensure that they do not drop out or that they receive adequate support before making that decision. In addition, starting Fall 2018 Upward Bound will

Data reported is from : Fall

Improvement Recommendations

Improvement Recommendation: SLO was not met, my recommendation is that we spend more time in the fall semester discussing financial aid before we do the pre and post test in January. We may also want to consider making the presentation fun by making it into a game. For example, making it a Financial Aid Jeopardy game (04/28/2018)
