  - c. ITSC Meeting Minutes 9/25/15 (see attached)

Mr. Nance provided the ITSC minutes to the committee members so they can read on their free time. There will also be a link to the ITSC webpage added to our Technology Committee webpage so committee members can read for updates.

#### 4. Technology Plan – Ruth

##### a. Subcommittees Report

Ms. Leal provided an update regarding the subcommittees.

- i. Goal #1 subcommittee informed that they have completed uploading the student's accounts into Lynda.com. Now they can focus on marketing to students and they have an upcoming workshop on October 29<sup>th</sup> regarding blackboard (flex credit was approved).
- ii. Goal #3 subcommittee informed that BFPC will be providing the technology requests from program review and that it was anticipated soon. The Technology Request Forms will need to be filled out per item. Ms. Leal will e-mail the requests to the technology committee members as soon as the lists are received. In addition, the committee is following up on a Technology Request Form from Melissa Bader for the purchase of an iMac computer. The funding has been approved.
- iii. Goal #6 subcommittee discussed the following 2015 Technology Survey results and assessment findings:
  1. Computer Support – 31% of faculty/28% of staff dissatisfied with college computer. 38% students use computer in library. Issues are upgrades needed (refresh plan). Some of the issues found Mac support needed, slow computers, outdated software, software updates needed, maintenance, viruses, cleaning, and not enough computers in the library. Ms. Leal ask the committee members for suggestions. Suggestions included the need for a maintenance schedule for computers. The maintenance needs to be done annually campus wide and a calendar provided so that the entire campus is aware of the scheduled maintenance. Mr. Nance mentioned that computers have been added at the Library, but there is currently no room to add more. Ms. Sloniger suggested to provide tablets or laptops to check out by students when there are no more desk-top computers available at the library.
  2. Troubleshooting Help Desk - 31% of faculty/55% staff stated the need for troubleshooting help desk (Apple/Mac support, live person support, local help desk). A recommendation that will be taken to the ITSC is the need for additional help desk resources, and to include help for students. It was discussed that students currently receive help in the library and LRC for applications and hardware support. A suggestion was to outsource live chat support that could remote in to troubleshoot. Also, it was suggested to provide a live help desk staffed by dedicated position and based in the library.

3. General Use Classroom - 33% faculty feel general use classroom needs more technology. Discussion proceeded and a specific example of technology that is needed is in IT\*122: Java Date software and a projector. The group discussed the merits of having a document camera as part of a general use classroom.

- b. Lynda.com Guidelines

Mr. Tiangco informed the committee that the student list needs to be uploaded and a date needs to be set to add them. The committee decided to upload the information right at census. It was decided to maintain the current guidelines as is. It was noted that if faculty need Lynda.com for their students at the beginning of the semester to have them email [Lynda@norcocollege.edu](mailto:Lynda@norcocollege.edu). Otherwise, the student list would be uploaded right after the census date not waiting for teacher requests.

5. Office 365 Migration – Ruth

Ms. Leal provided an update regarding the migration of Office 365. She informed that currently our mailbox size is half a gigabyte and it will be upgraded to 50 gigabytes including the archive file. All of the computers will be impacted. She demonstrated the changes to the committee members. The information will be posted on the Technology Committee webpage. She suggested for committee members to e-mail her if they have any questions regarding this project.

6. Streaming Equipment Replacement Project – Dan & Emile (See attached)

Ms. Leal presented the information to the committee members regarding the streaming equipment at Norco College. Streaming is currently used mostly for Read 2 Succeed events, and we need a way to continue to provide streaming for these events in the future. Mr. Bradshaw led the discussion about free streaming media solutions, such as Ustream, and the merits of the proposal. The committee does not support the proposal and prefers to look for options specifically for Norco College.

- a. Motion (Bradshaw/Finley): To find other options and evaluate our needs for the streaming equipment replacement project. Approved. No abstentions.

7. Open Forum

Ms. Muto discussed the details of the Silver Scholarship fund giving campaign to all of the technology committee members for support.

8. Next regular meeting November 12, 2015

9. Adjourned at 1:50 p.m.

# TECHNOLOGY COMMITTEE REPORT

## FALL 2015

### COMMITTEE STATEMENT OF PURPOSE

*The Norco College Technology Committee provides recommendations for the strategic direction, implementation and sustainability of technology resources throughout the college used to support student learning programs and services and improve institutional effectiveness consistent with the college's mission.*

### STRATEGIC GOALS AND OBJECTIVES:

#### **GOAL 1: MAKE TECHNOLOGY A PRIORITY AT NORCO COLLEGE THROUGH TRAINING & SUPPORT FOR FACULTY, STAFF, AND STUDENTS**

##### **Technology Training**

- The committee recommended Lynda.com as a technology training resource after conducting an evaluation of Lynda.com based on usage, satisfaction survey, annual technology survey, and cost. It was approved through the strategic planning process and funded for 2015/2016.
- The committee coordinates six technology training workshops in the Professional Development Center during the academic year. This year, "Learn with Lynda" is the basis of the workshops, covering technology topics based on input from the 2015 Technology Survey while also focusing on the use of Lynda.com as a professional development resource.
- A *Blackboard for Faculty* workshop will be held in spring 2016 to continue to provide training on the district's learning management system. (Goal 5 – Provide tools for online faculty about online pedagogy and effective use of the learning management system).
- A Technology Training subpage was created as part of the Technology Committee webpage. It contains information about upcoming training opportunities as well as links to previous trainings.

#### **GOAL 2: DEVELOP AND CONTINUE TO UPDATE A TECHNOLOGY STRATEGIC PLAN FOR A COLLEGE-BASED MODEL**

##### **Technology Requests from Program Review**

- The process of technology requests from program review and the evaluation/recommendation by the Technology Committee is documented in the *Technology Principles and Guidelines*.
- The committee revised the Technology Request Form for the program review process based on input from the Program Review Committee and APC. The Tech Request Form is online on the Documents page on the Technology Committee webpage.
- All strategic planning documents are posted on the Documents subpage of the Technology Committee webpage.

## **GOAL 6: CREATE TECHNOLOGY USE AND STRUCTURE MODELS AND INCORPORATE BEST PRACTICES IN OUR USE OF TECHNOLOGY COLLEGE-WIDE**

### **Technology Resources**

- The committee has put forth a recommendation of 25% of computer inventory to be replaced, as designated by the annual inventory based on age, per the replacement plan to Business Services for inclusion on program review. The recommendation was an information item at BFPC and ISPC in September 2015.
- As part of the annual program review technology requests recommendation process, the Committee obtains an inventory report from Micro and their recommendation to reassign equipment.
- The committee combined office and lab inventory to create one master inventory cross-checked with tag numbers. Initial physical inventory of office computers was completed in spring 2015. Updates will be reviewed by the Technology Committee in fall and spring annually.

## **GOAL 7: RESPOND TO THE TECHNOLOGY NEEDS OF THE NORCO COLLEGE COMMUNITY**

### **Annual Technology Survey**

- 2015 Technology Survey was completed by 50 faculty, 48 staff, and 204 students.
- The survey had positive results overall but did reflect areas for improvement: computer upgrades, MAC support, slow computers, outdated software, software updates, maintenance, cleaning, troubleshooting help desk, etc.
- Discussion items from Strategic Plan Assessment Findings & Technology Survey: general use classrooms (technology consistency/standards); printing needs for students; technology help desk for students

## **HOW DOES THE COMMITTEE ALIGN WITH NORCO'S COLLEGE MISSION?**

- The committee provides educational opportunities for faculty, staff, and students through Lynda.com online technology training and employees through face to face technology workshops.
- The committee continues to research and discuss the creative application of emerging technologies for the college.
- The committee systematically assesses technology resources and uses the results of evaluation as the basis of recommendations for technology to support student learning.

## **ITSC**

- Portal/Office 365 – Implementation in fall 2015. Timeline has been provided to Chancellor's Cabinet and is on the agenda for DSPC on 10/9/15.
- Video Streaming System – currently used by Norco College for events/trainings/meetings in CSS 217. Cost to upgrade for the district \$800k.

## ACCREDITATION:

- College Recommendation 4 – “In order to meet the Standards, the team recommends that the College systematically plan for the replacement of technology infrastructure and equipment, reflect projections of total cost of ownership for new equipment, systematically assess the effective use of technology resources, and use the results of evaluation as the basis for improvement.”
  - Completed the Follow-Up Report
  - Placed all evidence on “Documents” page
  - Implemented all tasks set forth in the Follow-Up Report

Amber Casolari moved to approve, Henry Bravo seconded and all members approved to include the College Priority list as part of the June 6, 2015 minutes.

#### **AVC Report**

- **District Strategic Technology Plan (DSTP) Update** – The DSTP was approved in the spring of 2015; the accreditation response was approved in the spring of

2015 and vetted by the Colleges, by this group, and DSPC and prepared for the Accreditation team return visit November 5-6, 2015. All documentation is posted on the website.

**Welcome and Old / New Business:** *Rick Herman*

- **Microcomputer Support Transition** – All three colleges have renamed their group to “Technology Support Services”. The three Technology Managers and Information Services met during the summer to ensure a smooth transition. The group will continue to meet until it is no longer beneficial. This group is an operating group; any decisions that need to be made will be brought back to ITSC as a recommendation. Discretionary funds were split among the colleges, contract funding remained at District. Any minor contracts / licenses please send over to me (Rick) and will review with Aaron Brown for approval.

- **Operating Calendar Review (15/16)** – Meeting dates / times will be:

<u>Date</u>	<u>Time</u>
09/25/15	8:00-10:00 a.m.

05/20/16	8:00-10:00 a.m.
June	Blackout month
July	Blackout month
August	Blackout month

Rick has a conflict with the 10/30/15 meeting date, the group agreed to a meeting new date of 10/16/15. A meeting invite will be sent out to the group.

- **Project Priorities Review (15/16)** – The Information Services approved list of projects with a synopsis of each project was shared. Funding of the projects was asked, Rick stated that he will send out a copy of the list and will include the approved funding for each project.
  - The Information Services 14/15 Project Priorities list was reviewed a copy of the list with approved funding for each project will be sent out to the group.
  - Information Summer Projects – MVC NOC, MVC Infrastructure, NC Infrastructure, Wireless Access, ProofPoint, Server Virtualization, Mass Notification and Cabling Contract

### Other Items Discussed:

- **O365** – An update was requested, Rick stated the proposed rollout timeline will be presented to Executive Cabinet, if no negative impacts will occur an email will be sent out to the user community updating them with O365 and Portal.
- **Wireless Access** – Information on how to access and use wireless access will be updated on the faculty and student webpages and information will be distributed.
- **Program Review** – Discussion of current Program Review processes at Colleges, Faculty and District level, all are experiencing a timeline process change. The group will consider the Colleges and Faculty Program Review when developing the District Program Review. This is a transitional year for all members.
- **College Priority List** – Discussed some of the items on the list and gave completion dates to the items that were discussed and currently in progress.
  - **Global Access** – Should be completed by fall of 2016.
  - **Safety & Security / Emergency Disaster Preparedness & Recovery\*** – Clarification, RCC TAG would like to receive updates in this area. This item could be an item under ‘Area Reports’ and the information obtained will be taken back to RCC TAG. Both Mike Simmons and Sherry Stone will be invited to an upcoming meeting to provide an update.
  - **Redundancy** – Redundancy is almost complete, in progress is the connectivity from internal to external; the MVC NOC; second scenic connection; out to the internet within; back up of data is occurring, backing up all critical data and replication; next step is storing off-district sites.
- **Inventory Asset Management** – Funding was approved and a group needs to be put together to begin this project. Rick will speak with each VP of Business Services and Aaron Brown to compile a group. This item will be marked a high priority.
- **R25 Live (AV)** – Julio stated that the AV area of R25 Live is a concern for their college.
- **Video Stream** – Moreno Valley College needs to get in contact with Steven Ashby to discuss video streaming. Norco and Riverside City have already met with Steven Ashby.

\*Name change, was ‘Safety, Emergency Disaster Preparedness & Recovery’

### Action Items / Next Meeting Topics:

- **Pay-for-Print** – Each college will bring back information for the next meeting to discuss in detail as the contract expires this year and will require an RFP process.
- Will invite Mike Simmons and Sherry Stone for the next meeting.

Meeting adjourned at 10:06 a.m.

Next Meeting: 10/16/15 8:00 a.m. DL 409

# Norco College

## Lynda.com uidelines

---

### **I. PURPOSE**

Lynda.com, an online subscription library that teaches the latest software tools and skills through high-quality instructional videos taught by recognized industry experts, will provide technology training and support for faculty, staff, and students as part of the Norco College Technology Strategic Plan Goal I and the Norco College Strategic Plan and Process Goal VII.

### **II. ACCESS GUIDELINES**

Employees – Norco College staff who are permanent full-time and part-time, stationed at Norco College 100% of their work time are eligible for a Lynda.com account. Norco College faculty, with a current teaching assignment (TA) at Norco College, are eligible for a Lynda.com account.

Students – Students must be enrolled in at least one class at Norco College in the current semester by the Census date to be eligible for a Lynda.com account.

### **III. ACCOUNT TIMELINES**

All Lynda.com accounts for Norco College employees and students are good for one semester through the annual contract and will be updated each term of fall, winter, spring and summer.

Full-time faculty and staff accounts will be activated in July of the contract year and updated each at the start of each semester to include adjunct faculty including adjunct counselors, lab instructors, and librarians. Student accounts will be activated with an initial upload following the Census date of each term (fall, winter, spring, summer) and a second upload following the Census date of the second 8 week session of each major term (fall and spring).

### **IV. PROFESSIONAL GROWTH**

Information regarding Lynda.com and a request for professional growth units for completed courses by classified and confidential staff was submitted in May 2014 to the district's Professional Growth Committee. Initial review of the documentation at their August 2014 meeting resulted in the Professional Growth Committee providing a response to the Technology Committee that its committee members were in favor of allotting credit for Lynda.com but was in the process of determining the credit for courses. The Professional Growth Committee did state that the credit would be given to full courses only with documented certification of course

completion and that the coursework must be done outside of work hours. The Professional Development Committee will accept any submissions for professional growth and will be retroactive to July 1, 2014.

## **V. FLEX CREDIT**

Lynda.com may be used for Flex Credit in one hour increments. In order to receive Flex Credit, the faculty member must print out a report on the number of hours spent on training and attach it to a Flex Credit Request form and submit it to the Department Chair for Flex Credit approval.

## **VI. MARKETING**

All marketing materials must be approved by Goal I Subcommittee prior to submission for distribution. College policy also requires any flyers be approved by the President's Office.

## **VII. ASSESSMENT**

Goal I Subcommittee of the Technology Committee will create a survey to assess the satisfaction of Lynda.com users at Norco College and marketing effectiveness. Results will be used to determine ongoing purchasing of the Lynda.com subscription.

E-mail: melissa.bader@norcocollege.edu

Recipient, if different:

## Equipment

- New
- Replacement/Upgrade
- Instructional (classroom)
- Non-Instructional (office/conference room)

Hardware (computer, printer, etc.) Asset Tag #: 39585, Purchase Date 9/25/2008

Hardware: iMac Computer (Proposal 2101905492) Quantity: 1

Is the system compatible with: Apple OS Additional Components needed: included in quote

Other Item: Location of Hardware: IT-200 M

Does the Department have a suggestion for the use of the equipment being replaced?

## Funding Source

Is there a Budget to fund the purchase?

- General Funds
- Categorical/Grant Funds

Budget Code: %

Budget Code: %

Is there a Budget to fund replacement/maintenance/repairs?

Is this request listed on Program Review? Yes

## Programmatic Needs

Explain how this item is necessary to address the department's mission and goals?  
Computer unable to run Enrollment Management Dashboard. Impacts classes in Blackboard, assessment reports in TracDat, and Program Review (data & embedded charts). Impacts 75-90 sections of English per semester, work with Basic Skills, etc.

How many departments/staff/students will directly benefit from this technology? Numerous

ADA compliant (if applicable): Department Priority: High

Where does Norco College stand in comparison with other comparable institutions in regards to this technology item?  
Current computer insufficient for needs as Instructor, Department Chair, Enrollment Management representative that affects college and students.

Ruth,

My current computer, iMac early 2008, was recently fitted with the Windows emulator to run the Enrollment Management Dashboard. As a result of this addition, I have been unable to do basic computing work, as it takes up too much memory and is perpetually scanning with Sophos because the files are too large to cache them and scan them efficiently. My computer frequently does not print because it cannot handle the memory necessary. I need to delete all temporary files and cookies just to print a pdf. The computer will no longer update the operating software because it does not have the capability; subsequently, the java, browsers and other items reliant on the most current OS, cannot be updated either. This impacts my ability to plan and implement by classes in Blackboard, update assessment reports in TracDAT, and do Program Review with data and imbedded charts. And after all of that, I cannot run the Enrollment Management Dashboard due to the limited capabilities of my current computer.

In addition to all of the general computing needs, I need to run the Enrollment Management Dashboard as a requirement of my position as a department chair of the Communications Department. With an 75-90 sections of English each fall and spring semester, the inability to access the EM dashboard limits my ability to do data analysis and scheduling. In addition, I am limited in my ability to do work with Basic Skills and help track students as required by our Equity plan.

As the senate representative to the District Enrollment Management Committee and District Strategic Planning Committee, I need access to data presented in the EM dashboard. My necessity goes well beyond my individual needs for a computer. In my position as an instructor, Department Chair, ISPC member, ISPC co-chair, and Enrollment Management representative, my current computer is insufficient.

I have requested my iMac be replaced with a Mac as that is the software and hardware that I have currently, I know and I plan on using in the future.

## Office 365 Migration – Faculty & Staff

To improve the accuracy of information about the impending migration of faculty & staff to Office 365, the following represent questions/comments being asked/heard and the accurate response to those. As additional items surface, they will be added to this document for ongoing reference.

- 1. Emails will be automatically purged after 3 days**
  - a. There is no expiration of emails
- 2. Users will be required to auto-archive emails**
  - a. The need to archive emails will be significantly diminished by the increased mailbox size each individual will now have (50G versus .5G now). However, users may choose to setup auto-archive if they find that useful.
- 3. Everything will be encrypted?**
  - a. All information stored on Microsoft's servers (Office 365, in this case) is encrypted so that only the intended recipients, senders and other authorized users can read the contents. This is a 'behind the scenes' function that is not seen by nor requires involvement of users.
- 4. Users will have to move their own emails manually to Office 365**
  - a. Existing mailboxes (messages, calendars, contacts, etc.) will be migrated automatically as users are switched over
- 5. 'Power Users' will be moved first**
  - a. Users will be migrated in groups rather than everyone at one time, but how these 'groups' will be constituted has yet to be determined
- 6. Outlook on the desktop is going away**
  - a. No – current Outlook setups will automatically be re-pointed to the Microsoft Office 365 servers rather than RCCD's Exchange mailbox servers
- 7. Users will have to opt-in for Office 365**
  - a. All College and RCCD faculty & staff will be moved to Office 365 once the migration begins – there will be no need to opt-in
- 8. When will this occur?**
  - a. Information Technology is continuing the prep work needed for this. Firm dates have not been set but most likely this will begin in the mid-Nov to late-Dec timeframe. Extensive communication and training/support will be published and made available as the timeline is solidified.

Hi former intermediate algebra students,

I am Professor Ernesto Reyes from the RCC Math Department and I would like to remind you that I am still recruiting more students to be interviewed for my research project.

The interview is regarding your experience in the Intermediate Algebra course (Math 35) that you took as a senior (last semester, one, two, or three years ago) at one of the following high schools; John W. North, Poly, Ramona, Arlington, Martin Luther King, La Sierra, and Norte Vista from Riverside and Alvord school districts.

The interview is only 10 to 15 minutes and there is a \$10 Starbucks gift card as a token of my appreciation if you choose to participate, however, your participation is voluntary.

I have been granted permission by CSUSB and RCC to conduct this study and I strongly believe your input will be invaluable to help understand the current partnership between RCC and high schools from Riverside and Alvord school districts.

You can e-mail, call, or text (cell phone) me if you would like to participate, and I will send you the interview questions as an attachment. Again, the interview is only 10 to 12 minutes. You can also stop by my office in the RCC math department, MTSC 125, if you have more questions. Thank you!!

## **Streaming Equipment Replacement project**

### **Current Issue**

Streaming services throughout the District are currently provided by IMC Riverside, Web Development, and Open Campus. The servers, storage arrays, and encoders that support each of these three areas is beyond the end of its service life. In several cases the equipment items are no longer supported by the vendor and a failure will cause a major disruption in these services. In order to maintain the current silo streaming system, the server, storage arrays, and encoders supporting each area would need to be replaced at triple the cost listed in the IT audit report. The central issue of having three separate service areas support streaming is that it can lead to confusion amongst students, faculty, staff, and administration as to where they go to for these services. Additionally there are licensing issues, and duplicated costs associated with running three separate systems.

### **Recommended Solution**

In order to help alleviate these issues, it was recommended in the 2010 IT Audit Report that streaming services be consolidated under one umbrella. That recommendation was supported by the IT Audit Implementation Committee in their final report in 2011. The benefits of consolidating all streaming offerings for the colleges and district under one umbrella are:

- Better service to students, faculty, staff, and administration by consolidating all streaming content into one web location
- Ability to reach all devices (iPhone, iPad, PC, Mac, Android, phones) regardless of platform
- Centralized licensing and copyright considerations for content
- Ability for users to create and upload their own content
- Budgetary savings by eliminating servers/hosting/support for three different streaming operations
- Annual budgetary savings for maintenance and energy

### **Estimated Cost and Timeline**

The servers and storage arrays that support the universal streaming system are end of life and need to be replaced. Additionally, the storage arrays need to be expanded to accommodate the increased content from all areas of the district. The overall cost of the project is approximately \$800,000 with a six to twelve month timeline for implementation and consolidation. Once the new system is up and running it will have a life cycle of five to six years at which time another equipment replacement would be necessary. The current system was funded via a combination of grants and RCC college allocation over ten years ago.

## Cost Breakdown

Product Name	Model	Applications	Quantity	Cost	Justification
Server	DL585	Streaming	6	\$210,000.00	Consolidate of streaming servers and purchase of additional streaming transcode servers
SANS	6140	Storage	2	\$500,000.00	Consolidate streaming storage onto 2 arrays
server	DL380	Backup	1	\$15,115.00	Backup server for Storage arrays
Tape Backup	SL500	Backup	1	\$36,114.00	Tape backup for Storage arrays
Mediasite Licensing	7.1	Streaming Software	1	\$37,850.00	Software to streaming
				\$799,079.00
