8	Lynda.com is an incredible resource. Internet courses are the future and having a free resource like this available is really convenient. Its like having a class on the go and the content is just as in depth as a college course. As a full time student and worker this is a convenient method to learn new material. It can be used as the main resource to learn a topic because of the great quality of the content. It can also be used to brush up on previous knowledge or present courses.	4/21/2017 1:01 PM
