Quick Reference Sheet

Global Update:

Total cases: 972,640 (76,200 new)
Total deaths: 50,325 (8,319 new)
Mortality rate: % %

- More detail on page 3

National Update:

Total cases: 213,144 (27,043 new)
Total deaths: 4,513 (910 new)
Mortality rate: % %

- More detail on page 5

State California Update:

Total cases: 9,191 (1,036 new)
Total deaths: 203 (32 new)
Mortality rate: % %

- More detail on page 8

Riverside County:

Total cases: 493 (64 new)
Total deaths: 14 (1 new)
Mortality rate: % %

- More detail on page 10

NEWS

Germany's largest football stadium will become a coronavirus treatment center

- Starting tomorrow, Saturday Germany's largest football stadium the Westfalen stadium will be a coronavirus treatment center.
- "Our stadium is the figurehead of the city, a fixed point for almost everyone in Dortmund and the surrounding area and, thanks to its technical, infrastructural and spatial conditions, is the ideal place to actively help people who are potentially infected by the coronavirus or who complain about corresponding symptoms such as respiratory diseases and fever," they said in the statement.

Corona beer halts production

- Modelo Group, the Mexican brewer of Corona, announced it was halting production and marketing of its beer, according to a statement released on the company's Twitter page Friday.
- The Mexican beer company said it was taking the steps to "comply with the measures adopted by the Federal Government" of Mexico.
- They also expressed their "total commitment to be part of the fight against the SARS-Cov2 virus", the statement reads..

Supply Chain

- Concerns about the PPE supply chain and shortages continue to dominate the public conversation. After yesterday's Task Force press briefing, there are new questions and concerns about the allocation of resources to meet state needs, the intent of the SNS, and who oversees supply chain management.
- This morning traditional media remains focused on the ongoing supply shortages and how the U.S. continues trying to balance refilling the stockpile and directly shipping emergency critical supplies to states in need. FEMA mentions have been moderate and focus on Project Airbridge and the federal response in general.

FEMA

- Public support for stay-home orders is increasing, as demands increase for the remaining states without stay-home orders to take action immediately. Many are frustrated social distancing is not being enforced aggressively enough, even in states that have issued orders.

COVID-19 Update

Situation: FEMA and HHS continue to work requirements supporting state, tribal, and territorial requests.

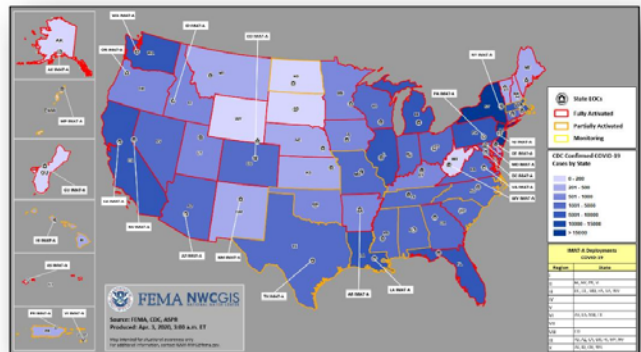

- All 50 states, the District of Columbia, 5 territories, and 20(+2) tribal nations are working directly with FEMA under the nationwide emergency declaration (COVID-19 SLB, as of 5:00 p.m. ET Apr 1)
- FEMA is working with HHS to allocate and deliver key resources from the Strategic National Stockpile, and coordinating with USACE on the build-out of alternate care sites with significant expansion capability
- FEMA continues to work with industry partners on producing, allocating, and distributing PPE and ventilators as quickly as possible
- FEMA Regional Administrators, governors, tribal leaders, state emergency managers, and state public health officials continue to fight the COVID-19 pandemic

State / Local Response:

- All State / Territory EOCs activated
- 31 (+1) states and 12 tribes have issued shelter-in-place orders (COVID-19 SLB, as of 5:00 p.m. ET Apr 2)
- 4 additional Major Disaster Declaration Requests submitted (MS, NM, OK, SD)
- National Guard Bureau (COVID-19 SLB, as of 5:00 p.m. ET Apr 1)
 - Title 32 Status Approved 14
 - Title 32 Status Requested 27

FEMA / Federal Response:

- NRCC: Level I in unified effort with HHS SOC; All RRCCs activated
- IMAT-A teams deployed to 26 states; 37 LNOs deployed to state, territories, and tribes
- Casualty Management Task Force (CMTF) activated within the NRCC, consisting of subject matter experts from HHS, FEMA, DOD, ESF14, and ESF-15
- USNS Comfort arrived in NYC: 2 beds filled; USNS Mercy hospital ship is in Port of Long Beach, CA: 12 beds filled (HHS/FEMA COVID-19 SLB, as of 5:00 p.m. ET Apr 2)
- 35 (+3) Major Disaster Declarations approved and 14 (+1) Major Disaster Declarations in process
- Eight task forces, jointly led by HHS and FEMA, continue work on assigned focus areas
- DoD deployed two Navy Expeditionary Medical facilities; one each to TX and LA (USNORTHCOM, as of 2:59 p.m. ET Mar 30)

COVID-19 Cases	Confirmed	Deaths
United States	244,811 (+29,314)	5,531 (+967)
Worldwide	823,626 (+72,112)	45,525 (+4,927)

(COVID-19 Response update, as of 6:56 a.m. ET, Apr 2)

NEWS

Temporary military hospitals will now treat Covid-19 patients, Pentagon says

- The US military will convert three temporary medical facilities in New York, New Orleans, and Dallas into facilities capable of treating patients with the coronavirus, the Pentagon announced Friday.
- "At the request of FEMA, the Department of Defense will expand its medical support to include Covid-19 positive patients at the Javits Federal Medical Station (FMS) in New York City, the Morial FMS in New Orleans, Louisiana, and the Kay Bailey Hutchinson FMS in Dallas, Texas."
- "These three DoD-supported locations will now provide support to Covid-19 positive patients in convalescent care, as well as low-acuity patients. These patients, who require a lower level of medical care, must first be screened at a local hospital."

Here's what health experts say about face masks

- Dr. Anthony Fauci, the director of the National Institute of Allergy: He said masks should not be used as a substitute for social distancing, but rather can be used as a supplement. "Because of some recent information that the virus can actually be spread even when people just speak as opposed to coughing and sneezing, the better part of valor is that when you're out and you can't maintain that six-foot distance to wear some sort of facial covering." has said that the White House Task Force is actively discussing guidelines on masks.
- "The most important thing is to keep this six-foot physical distance from individuals, but it's become clear that even when you try to do that with certain necessities of life — going out to get food or going to a pharmacy to get your medications — that you may inadvertently come into closer contact," Fauci, director of the National Institute of Allergy and Infectious Diseases.

Enforcement Policy for Face Masks and Respirators During the Coronavirus Disease (COVID-19) Public Health Emergency (Revised)

- The Food and Drug Administration (FDA or the Agency) plays a critical role in protecting the United States from threats such as emerging infectious diseases, including the Coronavirus Disease 2019 (COVID-19) pandemic. FDA is committed to providing timely guidance to support response efforts to this pandemic.
- FDA is issuing this guidance to provide a policy to help expand the availability of general use face masks for the general public and particulate filtering facepiece respirators (including N95 respirators) for health care professionals during this pandemic.
- 04/03/2020 Non-NIOSH-Approved Disposable Filtering Facepiece Respirators Manufactured in China - <https://www.fda.gov/media/136664/download>

Trump says he's invoked the Defense Production Act "against 3M for face masks"

- President Donald Trump said Thursday in addition to the issuance of a memorandum invoking the Defense Production Act to supply ventilator supplies to manufacturers, he has also invoked the act against 3M for face masks.

- In the US, 3M said it expects to produce 50 million 95 respirators per month in June, a 40 percent jump from current levels.
- 3M, which is the largest maker of medical face masks and more specifically the N95 respirator mask, said in a statement earlier this week that it already doubled its global output in January, and also plans "to double our capacity once again, to 2 billion globally within the next 12 months – and some of that additional capacity will begin to come online in the next 60-90 days."

Medical supplies seized from seller accused of hoarding get redistributed

- The Health and Human Services Department said Thursday it used its authority under the Defense Production Act to distribute roughly 192,000 N95 respirator masks and a large haul of other scarce medical supplies that the FBI seized during the arrest of a Brooklyn man.
- These supplies were distributed to healthcare workers in New York and New Jersey, HHS said.
- FBI agents, as part of the Justice Department's Covid-19 Hoarding and Price Gouging Task Force, seized the items, which in addition to the N95 masks also included: 598,000 medical-grade gloves, 130,000 surgical and other masks, surgical gowns, disinfectant towels, particulate filters, and bottles of hand sanitizer and spray disinfectants, the Justice Department and HHS said in a press release.

Webinar & Training Opportunity

WEBINAR ON PRACTICAL LEADERSHIP

Please note the webinar titled, **Practical Leadership In The Current Crisis**, which was conducted by former U.S. Army General Stan McChrystal and the McChrystal Group. This webinar is available at the link listed below:

<https://vimeo.com/402675512>

TRAINING OPPORTUNITY

Lastly, you and your family members are welcome to take a free class titled, *The Science of Well Being*, which is being sponsored by Yale University. This course includes brief lectures and numerous short videos, and it can be taken at one's own pace. We recommend it to help assess and improve one's well being.

Registration for this class can be accessed at the link listed below:

<https://www.coursera.org/learn/the-science-of-well-being>
