Sources: CDPH, WHO, CDC, Local County Data

The date for which case statistics and hospital data were reported. Hospital COVID data are self-reported through a portal managed by the California Hospital Association and pulled at 2pm. COVID case statistics are reported by local health departments to CalREDIE and are pulled at 2pm. Hospital data and case statistics are integrated by the California Department of Technology and made available through the Open Data Portal the following morning. CA Open Data Portal is at least 24 Hours behind although a backlog of new case reports at the State level has ostensibly been cleared, some County dashboards still contain notes that indicate data are missing. *California Demographics from State Database Blueprint Data Chart 12-15-20 & census.gov . Presumptive active cases - A calculation (Total Cases - Recovered - Dead) (* LA County does not report recovery rates)

Dormant Live-Music Industry Offers Biden Help With Vaccine Rollout

- The live-music industry has a pitch for President Biden: Put us back to work—on vaccination.
- Music-industry rivals that have been stagnant businesses for nearly a year due to the Covid-19 pandemic are banding together to offer up thousands of venues, workers and resources to federal and state governments to aid in distributing vaccines across the country.
